Optional cooler stand (far right)

* Obtain CO₂ Bottle locally

Offer customers sparkling water for the most refreshing break-time experience with the new **Vertex PWC-901S** water dispenser. Choose hot, cold or sparkling water on demand, whenever you need it. The Vertex **PureChill™** Technology eliminates the need for an open reservoir for cold water storage so there is no need for costly in-tank sanitization. The single dispensing faucet comes with a dual-button Hot Water safety feature and the pressurized dispense system creates a faster flow of water. The LED lighted, 10" tall opening allows easy refill of large water bottles and mugs.
